(A parent working with a child will count as one registrant.)

*Zoom sessions are optional but recommended. Doll can be made with video tutorials.  
Photos of finished doll or sculpture are required.*

---

## What is a Memory Doll?

Memories can be good or bad. They help us look back to see where we came from and where we are going.

This is a very special time in our lives. To live through a pandemic is something unique and you will want to remember what it was like. What about it has changed your life for the worse or the better.

So, this workshop is about creating a three dimensional doll (or a sculpture) that holds memories of this spring and summer, just like a diary or a time capsule. What secrets do you want to embed? What memories do you want to secure for the future you?

I will help you get started on your doll but then you will make it your own.

To register for this workshop, tap [here](#).
